**DRUG, ALCOHOL, AND TOBACCO-FREE WORKPLACE POLICY**

California Pacific Charter Schools (“School”) will comply with all federal and state regulations regarding drug and alcohol use while employees are on the job. This policy covers all School employees and violation of the School’s policy related to drug use is grounds for immediate termination. The School is concerned about the use of alcohol, illegal drugs and controlled substances as it affects the workplace, the School community and students. Though marijuana is legal in many California cities, it is still considered an illegal substance under Federal law and therefore considered an illegal substance for this policy. Use of these substances whether on or off the job can adversely affect an employee's work performance, efficiency, safety, and health and therefore seriously impair the employee's value to the School and its students.

The use or possession of these substances on the job constitutes a potential danger to the welfare and safety of other employees and students and exposes the School to the risks of property loss or damage or injury to other persons. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace.

Conduct against this policy includes, but is not limited to, the following:

1. Driving a School vehicle, or a vehicle designated for school business, while under the influence of alcohol or an illegal or controlled substance
2. Selling or purchasing an illegal or controlled substance, including while on the job, on school property, or in the presence of students;
3. Possessing or using alcohol or an illegal or controlled substance while on the job, on school property, or in the presence of students;
4. Under the influence of alcohol or an illegal or controlled substance while on the job, on school property, or in the presence of students.

In the case of a job related injury, the School may require the employees involved to submit to drug/alcohol testing along with any medical treatment provided to the employee.

The School will provide information to employees about:

1. The dangers of drug abuse in the workplace;
2. The policy of maintaining a drug-free workplace;
3. Any available drug counseling, rehabilitation, and employee assistance programs; and
4. The penalties that the School may impose upon them for drug abuse violations occurring in the workplace.

**DRUG, ALCOHOL, AND TOBACCO-FREE WORKPLACE POLICY**

Violation of these rules and standards of conduct will not be tolerated and may result in disciplinary action, up to and including termination of employment. The School may also bring the matter to the attention of appropriate law enforcement authorities. The School may terminate an employee who is convicted of a controlled substance offense to the extent allowed by law. Alternatively, the School may, as required or allowed in accordance with applicable law, require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for these purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

As a condition of employment, employees are required to notify the School in writing of any conviction for a violation of a criminal drug statute. Such notification must be made no more than five (5) calendar days after the conviction. The School may, as required by applicable law, notify federal or state agencies of any applicable employee convictions if such a report is required by law.

The School will provide a reasonable accommodation to an employee who voluntarily requests an accommodation or unpaid leave of absence under FMLA/CFRA to voluntarily participate in a drug or alcohol rehabilitation program. Please note that the request must be made before the employer learns of a violation of the Drug, Alcohol, Tobacco-Free Workplace policy. Any employee who participates in a rehabilitation program would still be responsible for following all other School policies. Employees returning from a voluntary rehabilitation program will be required to comply with a return-to-work agreement addressing the terms and conditions of continued employment.

The School is considered a tobacco-free workplace. No tobacco products are to be used in the workplace or at work functions. This includes the use of all VAPE and e-cigarette products. Additionally, employees are required to adhere to any building and site policies regarding designated areas for smoking.

In order to enforce this policy, the School reserves the right to conduct legal searches of school property and to implement other measures, which are in accordance with law and necessary to deter and detect violation of this policy. As a condition of employment, the employee agrees to abide by the terms of this policy.

The School will abide by all relevant laws, including laws regarding employee disability and reasonable accommodations in implementing this policy.
